### Characteristics

**Sizes** 18,9 L and 208 L

### Advantages

- **Liquid self-foaming alkaline chlorinated cleaner**
- General purpose compound designed for use in all food industries and agricultural installations
- Effective on most food soils, including greases, fats, oils, blood and protein
- **Contains a blend of foaming wetting agents**, which emulsify fats/oils and provide excellent film free rinsing. **The added boost of chlorine gives excellent protein film removal** (bio-film).
- Mild chlorine odor
- **Biodegradable**
- USDA and Kosher approved

### Directions of use

Safe to use on stainless steel and mild steel. **Do not use on soft metals, aluminium or galvanized metal.** Can be dispensed by use of standard foam dispensing equipment (wall mounted or portable) proportioners.

**Before using this compound, food products and packaging materials must be removed from the room or carefully protected. After using this compound, surfaces must be thoroughly rinsed with potable water.**

#### Food plants:

Use 4 to 6 oz per gallon of water for cleaning tanks, lines and fillers

#### General Food plants as well as industrial plant cleaning :

Use 3 to 6 oz per gallon of water.

**ATTENTION ! Corrosive product**
